BRICK CLADDING (£80 PER FOOT)

STONE CLADDING (£80 PER FOOT)

IMPORTANT SIZE INFORMATION

- When you add cladding to any elevation on your building it will add 2" (50mm) to the external size.
- For instance, if you have a 16'1" x 8'3" building, and you clad the front and one side, the external size will become 16'3" x 8'5".
- It's important to then ensure the concrete base is laid allowing for the extra size.

HOW TO PRICE THE BUILDING

- Step 1 - Decide which sides are to be cladded
- Step 2 - Use Guide below to calculate the cost

How to Calculate the Cost of the Cladding of your buildings

Example (4 sided Garage Cladding): Length1 + Length2 + Width1 + F1 (Front - use 1) x £80
 For a 16'1" long x 8'3" wide garage with a 7' up & over door (round to the nearest ft)
 = 16 + 16 + 8 + 1 = 41 x £80 = £3,280

* Please note: Hanson's require a 1m area to work around the building in order to clad

STANDARD PLANK CLADDING (£80 PER FOOT)

QUATTRO PLANK CLADDING (£90 PER FOOT)

Quattro Plank Clad Vertically (Extra £10 per /ft)

SHADOW PLANK CLADDING (£90 PER FOOT)

Shadow Plank Clad Vertically (Extra £10 per /ft)

PREMIUM TIMBER EFFECT CLADDING (£90 PER FOOT)

Find the Perfect Pent or Apex Garden Room for me; 5 easy steps:

1. Select the roof required, Pent or Apex
2. Measure up and agree size- Length (depth) and Width (frontage)
3. Choose your Door and Window options
4. Decide on the colours of Doors, Windows and Fascias
5. Confirm wall finish. Spa chippings as standard but you can upgrade to Brick, Plank or Stone effect cladding on one or more elevations

Cladding Options

Brick Cladding (£80 per foot)

Stone Cladding (£80 per foot)

Plank Cladding (£80 per foot)

Quattro Cladding (£90 per foot)

Shadow Cladding (£90 per foot)

Premium Timber Effect Cladding (£90 per foot)

Inspiration for your Garden Room

16 *If you add cladding to a side elevation the building will increase by 2" (50mm) per side.

Insulated tile effect roof sheets (Anthracite/Terracotta)	£5 per square ft
Electric operator for up and over / sectional door	760
Extra height 7'2" (2.20m) eaves	+10%
Extra Height 7'8" (2.34m) eaves	+15%

Steel Garden Rooms

Insulated tile effect roof sheets (Anthracite/Terracotta)	£5 per square ft
Extra height 7'2" (2.20m) eaves	+10%
Extra Height 7'8" (2.34m) eaves	+15%
Other door and window options – as per the options on pages 14-15.	

*If upgrading to a roller or sectional door you must increase the eaves height to 7'8" (2.34m) to accommodate the door mechanisms - applies to Apex roof only. The roller and sectional door will fit into a Pent garage standard height.

Superior Quality Steel Framework

The unique design offers a cold rolled 75mm thick steel framed garage, finished externally in a brick or plank finish, and internally in a smooth white steel sheet. The walls and roof will be supplied in a 40mm insulation to ensure that the building will be fit for purpose.

All of our steel frames have three holes pre-formed to allow easy fitting of cables and any other services required
